Our mission

Mercy Works supports the local and overseas relief and development activities that are part of the vision and mission of the Sisters of Mercy in Australia and Papua New Guinea. The programs engage in partnerships with communities to promote justice, self reliance and to support displaced people and communities who are denied access to basic resources such as education, health care and social welfare.

Mercy Works programs strongly endorse the principles of freedom, mutual respect, environmental sustainability, participation and protection of the rights and responsibilities of all.
